On behalf of the Workmen.—None.

STATE: West Bengal.

INDUSTRY: Coal Mines.

AWARD

By Order No. 6/96/66-LR.II, dated 13th April, 1967, the Central Government referred for adjudication an industrial dispute between the employers in relation

to the Dutta's Central Kajora Colliery, P. O. Kajoragram, Burdwan, and their workmen in respect of the matter specified in the following schedule:—

"Whether the following workmen of Dutta's Central Kajora Colliery had actually resigned their jobs with effect from various dates in May-June, 1966?

1. Shri Kameshwar Pasman, U. G. Trammer.
2. Shri Baijnath Tewari, Machine Mazdoor.
3. Shri Janeswar Dusad, H/Khalasi.
4. Shri Muchu Ram Harijan, Loader.
5. Shri Rambachan Singh, Night Guard.

If not, to what relief are they entitled?"

2. The question for decision is whether the five workmen mentioned in the schedule resigned their jobs voluntarily, or they were arbitrarily stopped from work. The union—the Colliery Mazdoor Sabha, Asansol—sought to make out before the A.L.C. (C) Raniganj that the workmen had not resigned but had been stopped from work arbitrarily. But before the tribunal the union has not appeared and has not even filed a written statement in spite of two notices by registered post and one by ordinary post issued by the tribunal. At the hearing the Management has examined a witness to prove that the five workmen sent their letter of resignation by post, stating that they wanted to be released for work elsewhere, and that the resignations were accepted and the workmen informed by registered post. One letter of resignation is dated 27th May, 1966; the other letters of resignation bear dates between the 1st June and 8th June, 1966. Four of the letters of acceptance are dated 13th June, 1966, and one is dated 14th June, 1966. As this *ex parte* evidence stands unchallenged and is *prima facie* acceptable. I cannot but find that the workmen concerned had resigned voluntarily.

3. Hence my Award is that the five workmen mentioned in the schedule had actually resigned their jobs in May or June, 1966, and so they are not entitled to any relief.

Dated Calcutta, the 4th November 1967.

(Sd/-) S. K. SEN,
Presiding Officer.

INDUSTRY: Coal Mines.

AWARD

By Order No. 6/70/66-LR.II dated 3rd February, 1967, the Central Government referred for adjudication an industrial dispute between the employers in relation to the Girimint Colliery of M/s. Bengal Coal Company Ltd., P.O. Dishergarh, Burdwan and their workmen arising out of the dismissal of Shri

Ch. Raghunath, Timber Mazdoor with effect from the 9th May, 1966. The question propounded in the reference order is whether the dismissal was an act of victimisation for trade union activities.

2. According to the Management, an order of transfer was passed on 14th March, 1966 in respect of Shri Raghunath, Timber Mazdoor, asking him to join at Bank-simulia 11 & 12 Pits Colliery on Monday the 21st March, 1966; a copy of this order was tendered to Raghunath on 17th March, 1966, but he refused to accept the same, a copy of this order was then sent by registered post. Raghunath however did not join at Bank-simulia as directed. Having ascertained from the Manager, Bank-simulia 11 & 12 Pits Colliery that Raghunath had not joined there, the Manager of Girimint Colliery issued a charge sheet on him dated 5th April, 1966, for disobedience of the order of transfer and absence from duty from 21st March, 1966. Raghunath sent a reply to the charge sheet, stating that on receiving the order of transfer by registered post, he went to Bank-simulia colliery but was not permitted to join there; and that from 21st March, 1966 he had been seeking every day to join his duty at Girimint Colliery, but had not been permitted to join. The Management was not satisfied with the reply, and issued a notice stating that an inquiry would be held on 20th April, 1966. The inquiry was held on 22nd April, 1966, to which date it has been verbally adjourned, by Shri Bagala Prosad Kabi, Security of Bengal Coal Company Ltd., in the presence of the workman Raghunath. After the inquiry, Shri Kabi submitted his report on 29th April, 1966, finding both the charges proved.

3. In the meantime, there was a disturbance at Girimint Colliery on the 23rd March, 1966. One Babulal, Loader had been suspended and charge sheeted on 23rd March, 1966; when he went to join his shift at 4 P.M., the order was served on him. A little later, about 60 loaders led by Sardha Singh and Baleswar approached the Manager, and demanded withdrawal of the order of suspension passed on Babulal. The Manager said that if on inquiry, Babulal was found not guilty, he would be paid full wages for the period of suspension. But Sardha Singh and Baleswar demanded immediate withdrawal of the suspension order, and began shouting slogans, and asked the loaders not to join the shift. Shri Kshudiram Roy, Labour Relation Officer, was informed by telephone about the trouble; he came over by car at about 6 P.M. and exhorted the workmen to give up their unreasonable attitude and join their work, but he failed to impress the workmen, Sardha Singh and Baleswar went on shouting slogans, and they were at that stage joined by Raghunath. When Shri Kshudiram Roy wanted to go back in his car, Sardha Singh, Baleswar and Raghunath stood before the car, and other workmen also surrounded the car, and prevented Shri Roy from going. Shri Roy went into the office, and phoned to the Deputy Superintendent of the Colliery, Shri Batra, and asked for assistance. Shri Batra informed the police; and a police force arrived at Girimint Colliery about 9-30 P.M. and having unable to persuade the workmen to disperse, the police requisitioned some armed police, who arrived with the officer-in-charge, Asansol Police Station, about midnight; thereafter the workmen dispersed, and Shri Roy was able to start for his residence. After consultation with the General Manager of the Company at Sanctoria, the Manager draw up charge sheet on 5th April, 1966 against Sarda Singh, Baleswar, and Raghunath for their part in the incident. Raghunath in his reply dated 8th April, 1966 stated that he had come to learn that some workmen wanted a charge sheet issued on one workmen to be withdrawn, and so as a trade union office-bearer, he thought it his duty to go and join the workmen in peacefully asking the Management to withdraw the charge sheet and permit the workmen to join his duty; he denied that any threat was used or anybody was prevented from going away. The Management was not satisfied with the reply and issued a notice of inquiry. A joint inquiry against Raghunath, Sarda Singh and Baleswar was held by the company's Security Officer, Shri Bagala Prosad Kabi, on 20/4, 21/4, 22/4 and 27th April, 1966 in the presence of the three workmen. The inquiry officer submitted his report on 29th April, 1966, finding the charges proved against all the three workmen. After obtaining the approval of the General Manager, all the three workmen were dismissed by Order of the Manager of Girimint Colliery dated 9th May, 1966; against Raghunath, the order was passed after considering the proceeding and the reports in connection with both the charge sheets.

4. No representative of the union, the colliery Mazdoor Sabha, Asansol, appeared at the hearing; no written statement was even filed, though at one stage, the union obtained time for filing its written statement. Before the A.L.C. (Central), Asansol, the union's case was that Raghunath was an active worker for the branch of the colliery Mazdoor Sabha at Girimint Colliery, and the Management, having failed to induce him to give up his connection with the union, had passed an illegal and *malafide* transfer order on him, and had

falsely charge sheeted him; the dismissal amounted, according to the union, to victimisation.

5. The union and the workmen concerned having absent no evidence has come before the tribunal to show that Raghunath took any part in the activities of the branch of the colliery Mazdoor Sabha at Girimint, other than the statement made by Raghunath in his reply to the charge sheet relating to the Gherao incident on 23rd March, 1966. (Ext. B) that as an office-bearer of the union, Raghunath felt it his duty to go and join the workers who were peacefully asking for the withdrawal of the charge sheet against a workman (Babulal). Ext. D, the proceeding of the inquiry relating to the incident of 23rd March, 1966, shows that for the Management, seven witnesses were examined, including Shri Kshudiram Roy, (L.R.O.), Shri A. K. Banerjee (Welfare Officer of Girimint Colliery), Shri W. N. Batra (Deputy Superintendent) and others; most of the witnesses were cross-examined by Raghunath and other charge sheeted workmen. That is also the evidence of Shri B. P. Kabi, the enquiry Officer who was examined before the Tribunal as a witness for the Management, the workmen were given the opportunity to state their defence and examine defence witness, though they did not examine any. The evidence shows that Sarda Singh and Baleswar were primarily responsible for the incident, but Raghunath who joined after some time took an active part in exhorting the workmen not to listen to the Labour Relation Officer, and in wrongfully restraining him. Hence the findings of the inquiry officer against Raghunath being based on evidence, cannot be challenged. The order of dismissal would be justified on the findings of the case alone; the dismissal was for proved misconduct and not for trade union activities.

6. At the other inquiry, two witnesses—the two welfare officers of Girimint Colliery,—were examined for the Management, and were cross-examined by Raghunath, as stated by Shri B. P. Kabi and as shown by the inquiry proceedings, Ext. DD. There was sufficient evidence to show that Raghunath received the order of transfer when sent by registered post, that he went one day to Bank-simulia colliery on receiving the order, but he did not join there; in a letter dated 28th March, 1966 addressed to the Manager, Girimint Colliery, he said that having gone to Bank-simulia colliery, he found that he would not be allotted quarters there, and that the working conditions there were altogether different; he asked that he might be permitted to resume work at Girimint Colliery. There is also a letter from the Manager of Bank-simulia 11 & 12 Pits Colliery that Raghunath went there on 25th March, 1966, but refused to join there. Hence the finding as to disobedience of the order of transfer, which was passed by the Manager, Girimint Colliery, under the direction of the Superintendent, Personnel, Bengal Coal Co. Ltd., must be held to be proper. As regards the finding of absence from work, it appears from the letters proved at the departmental inquiry that Raghunath was not allowed to join his duty at Girimint since 21st March, 1966 because of the order of transfer which had been passed; so the Manager Girimint Colliery could not really charge him for absence from duty. It would have been appropriate if the charge sheet for absence from duty had been drawn up by the General Manager of Bengal Coal Company; the charge sheet for such absence as drawn up by the Manager, Girimint Colliery, was misconceived.

7. But the order of dismissal was justified on the finding of his participation in the incident of the 23rd March, 1966. there can be no doubt in the case regarding the order which would have been passed even if there had been no change for unauthorised absence for duty. In any case, the dismissal was not an act of victimisation for Raghunath's trade union activities.

8. My award is that the dismissal of Shri Ch Raghunath, Timber Mazdoor, by the management of Girimint Colliery with effect from the 9th May, 1966 was not an act of victimisation for trade union activities; and so the workman is not entitled to any relief.

Calcutta Dated. the 4th November, 1967.

AWARD

By Order No. 6/121/66-LR.II dated the 24th January, 1967, the Central Government referred for adjudication an industrial dispute between the employers in relation to the East Jambad Colliery, P.O. Kajoragram, Dist. Burdwan, and their workmen in respect of the matter specified in the following schedule:

"Whether the action of the management of East Jambad Colliery in stopping, Shri Chintaman Brahman, Night Guard, from work, with effect from the 22nd July, 1966, was justified? If not, to what relief is the workman entitled "

2. The Colliery belongs to the Amalgamated Jambad Syndicate (P) Ltd., but is under the control and management of a receiver appointed by the Calcutta High Court. Shri Ashim Ghosh is the representative of the Receiver in connection with the management of the colliery and Shri Robi Banerjee is the Administrative Officer of the Colliery. The workman concerned, Chintaman Brahman, had been working as a night guard at East Jambad Colliery for about 20 months, according to the Union, but he was described in the company's papers as a general mazdoor. The Colliery Mazdoor Sabha, Raniganj, opened a branch at East Jambad Colliery; on 8th June, 1966, the union submitted a Charter of Demands, and on 20th June, 1966, a general meeting of the workmen of East Jambad Colliery and two other neighbouring collieries was held to explain the demands to the workmen and discuss how the demands could be enforced. According to the Written Statement of the union, Chintaman Brahman took a prominent part in organising that meeting, and so incurred the displeasure of the management; and 18th July 1966, Shri Ashim Ghosh and Shri Robi Banerjee came to the Colliery at night in a drunken state, and beat up several workmen including Chintaman Brahman who was on duty; as a result, Chintaman could not attend for his duty on 19th July 1966, but he attended on 20th July 1966 and 21st July 1966; thereafter, from 22nd July 1966 he was suddenly stopped from work. A petition to the Manager brought no relief, and the union then took the case before the A.L.C. (Central), Raniganj; but there was no settlement in the conciliation proceedings. The union claimed reinstatement and full wages for the period of non-employment.

3. The Management did not file any Written Statement giving their version. On the date fixed for hearing, 6th November 1967, the parties filed a joint petition setting out the terms of settlement; by the terms, the Management agreed to pay Rs. 2000/- (Two thousand rupees) as compensation and expenses to Chintaman Brahman for the termination of service, and the workman along with the union gave up the claim for reinstatement. The terms being favourable to the workman were accepted. By one of the terms of settlement, the full sum agreed was to be paid on the very next day, 7th November 1967, before the tribunal, and thereupon, a receipt would be granted by the workman witnessed by Shri P. Das Gupta. So the matter was adjourned to 7th November 1967, when the original receipt for the money was produced and receipt of the money was acknowledged by the workman and by Shri P. Das Gupta. The original receipt for money was handed back to Shri R. Das Gupta, representative of the management, and a copy of the receipt has been kept in the Reference case file.

Thus the dispute has been settled in terms of the joint petition of settlement followed by the payment of the agreed compensation by the Management to the workman concerned. This is my Award. A copy of the joint petition of settlement is enclosed as part of the Award.

INDUSTRY: Coal Mines.

AWARD

By Order No. 6/39/67/LRII, dated 3rd June, 1967, the Central Government referred for adjudication an industrial dispute between the employers in relation

to the Pure Sitalpur Colliery, P.O. Ukhra, District Burdwan and their workmen in respect of the matters specified in the following Schedule :—

“Whether the dismissal of Shri Ram Chandar Mishra, Machine Driver by the management of Pure Sitalpur Colliery, Post Office Ukhra, District Burdwan with effect from the 9th March, 1967 was justified?

If not, to what relief is he entitled?”

2. Shri Ram Chandar Mishra was employed as a coal cutting machine driver at Pure Sitalpur Colliery. He was on duty in the second shift of 22nd January, 1967 at level No. 30 Rise gallery No. 5 of the Colliery. There was a water logged section of the colliery on the other side of the coal face where Ram Chandar Mishra was working on that day. According to the management, the mining Sirdar Durgadas Banerjee asked Ram Chandar Mishra to put in advance bore holes before cutting the coal face with the coal cutting machine. The advance bore holes were to be of a depth of 10' and if the advance bore holes joined the water logged section the flow of water could be stopped by plugging the bore holes. Ram Chandar Mishra however without taking the precaution of putting in advance bore holes cut the coal face with his coal cutting machine and as soon as he had cut to a depth of $1\frac{1}{2}'$ to $2\frac{1}{2}'$, water began to rush in from the water logged section and it was not possible to stop the water, with the result that the dip side of the mine was flooded and work of machine loaders and pick miners in that section had to be suspended for two weeks while the water was pumped out. This resulted in a good deal of loss to the company. Accordingly, on 9th February, 1967 Ram Chandar Mishra was charge-sheeted for disobeying the order of the Mining Sirdar and cutting with the coal cutting machine without taking the precaution of putting in advance bore holes and thus causing loss to the company. In his reply, Ram Chandar Mishra, stated that the big drill rod was broken and therefore no advance hole could be made even in the previous shift, and that the mining Sirdar at the second shift also did not bother to have the broken drill rod replaced, and only when as the result of cutting by Ram Chandar Mishra there was in rush of water and flooding, the blame was thrown on him by the Mining Sirdar. A domestic enquiry was held by Shri R. S. Singh, Welfare Officer of Pure Sitalpur Colliery on 4th March, 1967 and 6th March, 1967, at which apart from the witnesses from the management, the defence also examined 3 witnesses. The enquiry officer found that the charges had been proved, and the agent thereupon passed the order of dismissal on 9th March, 1967. According to the management the dismissal was the result of a fair enquiry on charges of misconduct and therefore the workman is not entitled to any relief.

3. According to the Union the mining Sirdar Durgadas Banerjee had made a false allegation against the workman Ram Chandar Mishra and the responsibility was really that of the Mining Sirdar himself. Further, according to the Union, the enquiry was invalid because it was held by the Welfare Officer in spite of a Government Notification that no disciplinary proceedings should be conducted by the Welfare Officer. The Union accordingly claimed that the workman should be reinstated and paid back wages.

4. According to the Notification No. G.S.R. 1511, dated 23rd September, 1966 of the Ministry of Labour, Employment and Rehabilitation published in the Gazette of India Extraordinary, dated 1st October, 1966, there was an amendment made to Rule 73 of the Mines Rules 1955 defining duties of Welfare Officer. A sub-clause was added providing that no Welfare Officer shall deal with any disciplinary case against a person employed in a Coal Mine. This amendment came into force from 1st October, 1966. Accordingly, the enquiry which was held by the Welfare Officer on 4th March and 6th March, 1967 must be held to be illegal, being in contravention of the amended Rule 73 of the Mines Rules. Shri B. K. Mukherjee appearing for the management has referred to a decision of the Calcutta High Court, 1967 (15) FLR 122, Shri Hanuman Foundries Limited v. Labour Court, in which the High Court held that though the Presiding Officer of a Labour Court was not a Judicial Officer of 7 years standing and was therefore not qualified to be appointed as Presiding Officer of the Labour Court, still his jurisdiction not having been challenged at the hearing could not be subsequently challenged by a writ petition. On the analogy of that ruling, Shri Mukherjee has urged that since the jurisdiction of the Welfare Officer was not challenged at the domestic enquiry it cannot be challenged before the Industrial Tribunal. I do not however think that the case cited is analogous to the present case. The Presiding Officer of the Labour Court had been appointed by the Government and on the face of it he had jurisdiction. It was only when the writ petition was filed that it was found that he was not a Judicial Officer of 7 years' standing and it was held that his appointment as Presiding Officer was bad. In the

circumstances it was held that the jurisdiction of the Presiding Officer of the Labour Court could not be challenged by the writ petition. As regards the Welfare Officer who held the domestic enquiry, the Government provided by an amendment to Rule 73 of the Mines Rules that he shall not be concerned with any disciplinary proceedings against colliery workers since 1st October, 1966. On the face of it therefore the Welfare Officer had no jurisdiction to hold the domestic enquiry. The workman concerned not being acquainted with the rules may not have raised the objection at the domestic enquiry, but that cannot confer jurisdiction on the Welfare Officer to hold the enquiry in the face of the clear rule that the Welfare Officer shall not be concerned with disciplinary proceedings against workmen in Coal Mines.

5. I must therefore hold that the enquiry held by the Welfare Officer Shri R. S. Singh was invalid. Shri Mukherjee has urged that on the evidence given before the Tribunal it is also clear that the workman concerned had disobeyed the order of the Mining Sirdar and caused loss and damage to the Company. The Mining Sirdar Durgadas Banerjee was examined as a witness for the management. He stated that when Ram Chandar Mishra was preparing to work at Level No. 30 Rise gallery No. 5 on 22nd January, 1967 in the second shift he told Ram Chandar Mishra to put in advance bore holes before cutting with the coal cutting machine; that having given the instruction he went to another gallery for giving necessary instructions and after some time when the Mining Sirdar returned he saw that water was rushing into the working area through the cut which had been made by Ram Chandar Mishra and that the workmen running back. He directed the workmen to salvage the coal cutting machine i.e. take it away from the flooded area, and he informed the over man-in-charge, Mahitosh Nandi, who came and saw what had happened.

6. As against the evidence of the Mining Sirdar there is the evidence of 3 witnesses on the other side namely, PW 2-Ram Chandar Singh, PW 3-Ram Chandar Mishra and PW 4-Sudarsan Singh. A question was raised whether Ram Chandar Singh, a shot firer was present at the time when the incident occurred; therefore his evidence is discarded. There remains the evidence of two witnesses of whom Sudarsan Singh was working as coal cutting machine mazdoor along with Ram Chandar Mishra. Both of them have stated that the Mining Sirdar said that before starting cutting with the coal cutting machine, advance bore holes must be made, but that it was then brought to the attention of the Mining Sirdar that the drilling machine was out of order and then the Mining Sirdar took some measurements and said that there should be 15' or 16' depth of coal still in the coal face before reaching the water logged area and therefore Ram Chandar Mishra might cut with the coal cutting machine, but as soon as he had cut to a depth of about one feet and a half water began to rush out. The Mining Sirdar, Durgadas Banerjee denied that he estimated the remaining thickness of the coal face by measuring with a stick or that he gave an order or permission to cut with the coal cutting machine without drilling advance holes. But he admitted that the drilling machine was at a level below the level where Ram Chandar Mishra was working, i.e. about 80' below the level where Ram Chandar Mishra was working. He said further that drilling machine was not out of order, and if it were out of order it could be repaired within a short time as the Mistry is always available. In his reply to the chargesheet, Ext. B. Ram Chandar Mishra did not say that the Mining Sirdar had taken measurements with the stick and then given order or permission to use the cutting machine without drilling advance bore holes; therein the defence taken was that the big drill rod was broken and therefore no bore hole could be put even in the previous shift, and in the 2nd shift when Ram Chandar Mishra was working the Mining Sirdar did not bother to make arrangement for boring advance holes. My conclusion therefore is that the drilling machine or the big drill rod was out of order and therefore advance bore holes could not be made in the second shift on 22nd January, 1967, and the Mining Sirdar was aware of this position and he acquiesced in the machine driver making a cut with his machine without putting in advance bore holes. The story of the Mining Sirdar having taken measurements and giving the order to cut with the cutting machine appears to be an embellishment; but all the same the Mining Sirdar must have been aware that the advance bore holes could not be made for defect in the drilling machine or drilling rod, and he did not stop the machine driver from making a cut without putting in advance bore holes. Apparently making a cut with the coal cutting machine without making any advance bore hole was a risk taken by the machine driver with the acquiescence of the Mining Sirdar, because the big drill rod or drill machine was out of order. I come to this conclusion not only from the evidence of the two sides which I have discussed but also from the fact that there was delay in serving chargesheet on the machine driver. The incident took place on 22nd January, 1967 but the

chargesheet was drawn up and served on 9th February, 1967. The machine driver knew however that on the other side the coal face which was being cut there was a water logged section and that if the coal face was cut through, some dip sections of the Colliery would be flooded. Accordingly, Ram Chandar Mishra, machine driver must be found guilty of causing damage to the work in progress by rashly or negligently making the cut with his coal cutting machine without making advance bore holes but he must be found not guilty of the charge of having disobeyed the order of the Mining Sirdar. In the circumstances the order of dismissal cannot be sustained. It would be sufficient in the interest of justice to pass a sentence of suspension for 10 days on Ram Chandar Mishra, machine driver and to treat the period of non-employment after the period of suspension as leave without pay. In view of the loss caused by his action to the company, even though it was not deliberate, the workman cannot claim back wages.

7. My award therefore is that dismissal of Ram Chandar Mishra, machine driver, by the management of Pure Sitalpur Colliery with effect from 9th March, 1967 was not justified; Ram Chandar Mishra is found guilty of the charge of causing damage to the work in progress by rashly or negligently cutting the coal face with the coal cutting machine without putting in advance bore holes and he is sentenced to suspension for 10 days with effect from 9th March, 1967 and he is directed to be reinstated within one month of the publication of the award, the period after the end of the period of suspension until the date of reinstatement being treated as leave without pay.

AWARD

By Order No. 6/62/66-LRII, dated 18th May, 1967, the Central Government referred for adjudication an industrial dispute between the employers in relation to the East Satgram Colliery, P.O. ... rdwan and their workmen in respect of the matters specified ... schedule:

SCHEDULE

"Whether the dismissal of the following 15 workmen by the management of East Satgram Colliery with effect from the 17th January, 1966, was justified:—

1. Sri Jagdeo Das, Pick Miner.
2. Sri Lochan Das, Pick Miner.
3. Sri Shew Das, Pick Miner.
4. Sri Charitar Das, Pick Miner.
5. Sri Ram Bachan Ahir, Pick Miner.
6. Sri Lakeswar Dusad, Pick Miner.
7. Sri Koil Dusad, Pick Miner.
8. Sri Nand Prasad Goar, Pick Miner.
9. Sri Iswar Din Passi, Pick Miner.
10. Sri Khiri Passi, Pick Miner.
11. Sri Remai Harijan, Pick Miner.
12. Sri Shyamdhani Das, Pick Miner.
13. Sri Bhagirat Ahir, Pick Miner.
14. Sri Sukhai Ahir, Pick Miner.
15. Sri Tejula Mia, Pick Miner.

If not, to what relief are they entitled?"

2. According to the written statement of the union, namely the Colliery Mazdoor Union, the 15 workmen concerned in the reference order were active union workers, many of them being office bearers of the branch of the union at East Satgram colliery; and in order to victimise them for trade union activities, the management wrongfully chargesheeted 12 of them on 16th November, 1965 for alleged stopping other miners from pushing tubs to their work faces and loading coal into them, and thereafter the management wrongfully chargesheeted all the 15 workmen on 18th November, 1965 for alleged wrongful assembly at the pit head and preventing willing workers from going down the mine for work under threat of violence. According to the union, further, no proper enquiry was held into the chargesheets and therefore the dismissal of the workmen cannot be sustained. The union claimed reinstatement and wages for the period of non-employment.

3. According to the written statement of the management, the management was not aware whether the workmen concerned were office bearers or active workers of the Colliery Mazdoor Union, but they were chargesheeted for misconduct which they actually committed, and a fair and impartial enquiry was held into both the chargesheets by officers deputed by the Agent for the purpose from another colliery, namely the Welfare Officer, East Katras colliery and the Senior Personnel Officer, Jharia. At the domestic enquiry full opportunities were given to the workmen to cross-examine the witnesses for the management and to produce defence witnesses, and the chargesheeted workmen availed of the opportunities and cross examined most of the management's witnesses and produced many defence witnesses and on a fair consideration of the evidence the enquiring officer found the charges proved and the management acted on the findings. The management denied that there was any victimisation for trade union activities and claimed that the workmen were not entitled to any relief.

4. After the case had been heard in part, the parties took time for an amicable settlement and they thereafter filed a memorandum of settlement signed by both the parties. According to the terms of settlement, the union does not

make any claim in respect of 4 of the workmen, namely No. 9-Iswar Din Passi, No. 10-Khiri Passi, No. 14-Sukhai Ahir and No. 15-Tejula Mia as they have already received their final dues from the company, and in respect of the remaining 11 workmen the employers have agreed to make an exgratia payment of Rs. 200/- to each of them, to be paid by the 30th November, 1967, and on receiving the payment the workmen undertake to vacate the colliery quarters in their possession. It may be mentioned that in the course of the hearing the management proved 4 letters of resignation, Exts. K to K3 which had been filed by workmen No. 9, 10, 14 and 15 of the Reference order and proved that they had taken their final payments and gone away. It is therefore quite natural that the union has given up the claim of relief to these 4 workmen and has sought to realise compensation in respect of the 11 workmen who are staying on in the company's quarters even though dismissed. The union on behalf of the workmen has given up claim for reinstatement in respect of the workmen. The terms of settlement must be considered satisfactory and are, therefore accepted. An award is made in terms of the petition of compromise which shall form part of the Award.

APPEARANCES:

On behalf of Workmen—Shri Anil Das Chaudhury, Advocate.

AWARD

By Order No. 6/35/67-LRII dated 2nd June, 1967, the Central Government referred for adjudication an industrial dispute between the employers in relation to the Jaipuria Kajora Colliery, P.O. Ondal, Dist. Burdwan, and their workmen in respect of the matter specified in the following schedule:

SCHEDULE

"Whether the refusal to employ Lahasu, Rajbhar, Jagrup, Rajbhar, loaders and Lalit Chamar, Pick miner from the 29th November, 1966 onward by the management of Jaipuria Kajora Colliery, Post Office Ondal, District Burdwan, was justified? If not, to what relief are they entitled?"

2. According to the union, West Bengal Khan Mazdoor Sangh, the manager issued letters dated 13th October, 1966 on the 3 workmen stating that they appeared to have become weak and unfit to perform their duties and directed them to appear before the medical officer of the colliery for examination as to their fitness. The workmen did not appear before the medical officer for examination and they were stopped from work from 24th October, 1966. On 8th November, 1966 the workmen received letters from the manager informing them that he would not continue to employ them at the colliery if they did not produce fitness certificates within 3 days. The workmen replied on the next day, 9th November, 1966, protesting against the refusal to employ them without fitness certificate. Thereafter the workmen were allowed to work for one week and then they were again stopped from working and were not permitted to rejoin. Accordingly, the union represented the matter before the A.L.C., Central, Raniganj but there was no settlement before the A.L.C.

3. According to the management a number of workmen had become old and unfit for further work as loaders and pick miners, with the result that accidents at the mine had increased. The manager of the colliery did not consider the 3 workmen concerned to be fit for work because of old age and infirmity, and directed them by letters dated 13th October, 1966 to appear before the medical

officer of the colliery for examination as to their fitness. As the workmen failed to appear before the medical officer he informed them by letters dated 31st October, 1966/4th November, 1966 that unless they appeared before the medical officer within 3 days they would be stopped from work. The workmen did not obey the manager's order but in their reply made certain allegations against the management stating that the management wanted to deprive them of retrenchment benefit. Accordingly, the manager was constrained to issue letters terminating their services on 17th November, 1966. As the workmen refused to accept the letters when sent by Peon book, copies of the letters were sent by registered post but the registered covers were also returned unserved. According to the management the manager was entitled to terminate the services of the workmen because of their unfitness for work on account of old age and infirmity and the workmen therefore are not entitled to any relief.

4. The workmen admit the letters issued by the management directing the workmen to appear before the medical officer of the colliery for examination as to their fitness namely Exts. 3, 3a and 3b, dated 13th October, 1966 and the letters Ext. A, A1 and A2, dated 31st October, 1966/4th November, 1966, again directing them to appear before medical officer within 3 days. The reply given to the second letter of the management is the letter Ext. B, dated 9th November, 1966, which was drafted on behalf of the workmen by the Assistant Secretary of the union namely PW 1—Parashuram Panda. Therein the workmen stated that without any chargesheet they had been unlawfully stopped from work from 24th October, 1966 and that the manager's order seems to be intended to deprive the workmen of their legal retrenchment compensation. PW 1—Assistant Secretary of the union also proved the letter Ext. 2 dated 24th October, 1966, which was sent by registered post to the manager with the thumb impressions of the workmen, being drafted by the Assistant Secretary, namely that on 24th October, 1966, when they went for work they were stopped from work without any chargesheet. Ext. C is the office copy of the letter of termination of service addressed to the 3 workmen, dated 17th November, 1966; Ext. D, D1 and D2 are the registered covers which came back refused. On behalf of the workmen one of them has deposed before the tribunal, namely Lahasu Rajbhar, and he stated that a registered letter was never tendered to him. The covers however appear to have been duly delivered at the post office for issue by registered post on 17th November 1966 and they bear the endorsement of a postal employee "refused" with the date 30th November, 1966. It must be presumed that they were duly sought to be delivered and the evidence of Lahasu Rajbhar that the registered letter was never tendered to him by a postal peon cannot be accepted. But the point for consideration remains whether the issue of letters of termination was legally sufficient for terminating the services of these workmen. It appears from the evidence of Shri N. C. Das, Assistant Manager, in cross-examination that after the issue of the termination letters, the workmen were permitted to work for one week from 22nd November, 1966 to 28th November, 1966. The pay sheet registers Ext. F and F1 show that these workmen did not work from 24th October, 1966 and again worked from 21st November, 1966 to 26th November, 1966 and 28th November, 1966. 27th November, 1966 being a Sunday. There was no issue of any fresh termination letter after 28th November, 1966. The Assistant Manager said that the manager permitted out of his kindness, the workmen to work again for a week from 22nd November, 1966 as the workmen approached the manager and promised to appear before the medical officer and produce fitness certificate, and they were again stopped from work as they did not produce the medical certificate for fitness. But this conduct on the part of the management goes to show that the management was willing to waive the termination letters which had been issued on 17th November, 1966. In the circumstances it is difficult to hold that there was legal termination of service of the 3 workmen.

5. Shri S. S. Mukherjee, appearing for the management has referred to 1960 II ILJ 434 (*Burrakar Coal Co. v. Azimuddin Asra*) where it was held by the Division Bench of the Patna High Court that a workman's service could be terminated because of his incapacity to work because of old age and weakness, and such a case would not amount to retrenchment within Clause (oo) of Section 2 of the Industrial Disputes Act. He has also referred to a decision of the Single Bench of the Calcutta High Court 1967, FLR 204 (*India Rubber Manufacturers Ltd., v. State of West Bengal and others*) where it was held that there is no scope for the application of Section 25 F of the Industrial Disputes Act in case where employee is discharged in exercise of the power conferred by conditions of service express or implied, because the employer considers such an employee to be unsuitable for work, there being no question of surplusage involved. Shri Mukherjee relied on an observation in that decision, that under the ordinary law of Master and servant the service of a servant may be terminated without any cause by service of a reasonable notice. These cases were cited in reply to the argument by Shri Anil Das Chaudhury for the union that in any case the workmen would be entitled to retrenchment compensation. I

must agree that it was not a case of retrenchment even though there is evidence that the company had to lay off a number of workmen between July and November, 1966. But the question remains whether the termination of service was valid one. In this connection reference may be made to a case decided by the Labour Appellate Tribunal, namely 1955 Labour Appeal cases 211 (Laxmi Sugar Mills Ltd. v. Balgovind). In that case the management stopped a workman from his work when the workman failed to submit himself for medical examination for fitness after being asked by the manager to do so. The Labour Appellate Tribunal upheld the decision of the Industrial Tribunal that the termination of service was unjustified, though it altered the order of reinstatement into one of compensation for wrongful termination of service, as it appeared that the workman had really become old and infirm. In the present case the Assistant Manager, Shri N. C. Das, stated that he had to go underground for inspection and that he had seen the three workmen working and they were really infirm and unable to produce the normal output; and that from their appearance, he estimated their age as about 60 years. One of the workmen, Lahasu Rajbhar, appeared before the tribunal. He gave his age as 50 but he might be 60. But merely because he may have reached the age of 60 it does not follow that he has become unfit for further work in the absence of a medical examination testing the condition of his heart, lungs and bloodpressure. In the letters, Ext. 2 series and A series, it was the manager who stated that the workmen appeared to have become old and infirm and therefore they must appear before the medical officer. The manager Shri P. K. Palit has however not appeared before the tribunal as a witness, the evidence of Shri N. C. Das being that he had left Jaipuria Kajora colliery. But he appears to be working in another colliery in Raniganj coal field area and he might be produced as a witness if necessary. The conduct of the workmen in refusing to appear before the medical officer for examination constituted disobedience of manager's order, and the proper procedure for the manager would have to chargesheet the workmen for disobedience and dismiss them after an enquiry. The opinion of the manager alone without medical examination on the unfitness of the workmen cannot generally be considered as sufficient reason for terminating the service of the workmen. Accordingly it must be held that the termination of service was unjustified and the workmen are entitled to reinstatement. But in view of their conduct in disobeying the manager's order and the fact that the only one of them who appeared before the tribunal appears to be a quite old, the workmen can only be allowed a subsistence allowance equal to 1/4th of their total earning during the period of their non-employment.

6. My award therefore is that the refusal to employ Lahasu Rajbhar Jagrup Rajbhar, loaders and Lalit Chamar Pickminer from 20th November, 1966, by the management of Jaipuria Kajora colliery was not justified, and I direct that the workmen be reinstated within one month of the publication of the award and be paid subsistence allowance at the rate of 1/4th of their earning for the period of non-employment from 20th November, 1966. If the workmen are really unfit for further work it will be open to the management to ask the workmen, after they have joined, to appear before the colliery medical officer or the Medical officer of a central hospital like that of Kalla and to proceed against the workmen for disobedience if they fail to comply with the manager's order.
